

Special Educational Needs Policy

Langley School

Toni McCarroll

Purpose of the Policy

The over-riding responsibility of Langley School and members of the IEB, to ensure that appropriate provision is made for pupils with special educational needs. The school's aim is to enable each individual child to achieve his or her full potential through equality of opportunity provided in a multicultural and inclusive educational setting. We believe that learning should be an enjoyable, lifelong experience and see parents/carers as our partners in the educative process. We will respect and recognise the contributions and achievements of all pupils as individuals in a safe and caring environment.

This Special Educational Needs Policy:

- details the specific provision as a means of accountability for external authority i.e. inspection/local authority/audit commission;
- details the allocation of specific resources to identified special needs;
- details information about partnership with external bodies, including parents/carers and support services;
- uses nationally recognised criteria for assessing procedures in meeting special educational needs;
- illustrates that the term 'special' is relative to the young person and not to the institution in which he/she is educated;
- indicates the need for more flexible working to develop inclusion for the individual pupil
- indicates the most efficient and effective use of resources;
- indicates options in education to parents/carers and their young people, including inclusion programmes which promote cultural and social diversity;
- illustrates the shared partnership for meeting pupils' needs (with the local and wider community)

Special Educational Needs In Our School

Langley School is for children with learning needs and other complex needs including autism. It provides continuing day education, on a term time basis.

The aims and objectives of our special needs provision are:

To ensure that all pupils with SEND are accurately assessed and that their needs are reflected in the objectives of their Education Health and Care Plan (EHCP).

To create a learning environment that meets the SEND of each pupil.

To ensure all pupils have equal access to a broad, balanced, relevant and adapted curriculum.

To promote education in a safe and secure environment within a happy atmosphere where children can learn effectively, improve their confidence, build up their self-esteem and develop their independence as individuals within the community.

To enable pupils to take an increasing responsibility for their own learning.

To make clear the expectations of all partners in the process and provision of education for special needs pupils.

To actively seek ways of helping and involving parents and carers in the care, development and education of their child.

To ensure parents and carers are kept fully informed and are engaged in effective communication about their child's SEND.

To support the professional development aspirations of all staff and IEB members in relation to SEND training.

Partnership with Parents

The school is in regular contact with parents of all pupils with SEND, with either through ClassDojo, face to face, telephone conversations or email. One formal EHCP review will be held annually. Others may be scheduled as the need arises. Parents as well as other agencies will be invited to attend. Parents are kept fully informed throughout the school's SEND intervention and their wishes taken into account.

Clearly the support of parents and carers is essential if the provision made for their child is to be successful. Parents are encouraged to make an active contribution to their child's education. Workshops, events and performances are regularly staged to facilitate parents' involvement in the life of the school and to give them training and support to assist their children.

Leadership of SEND

The Senior Leadership Team (SLT) under the leadership of the Head Teacher is responsible for the day-to-day operation of the SEND provision.

The key Responsibilities as outlined in the Code of Practice are:

- Liaising with and advising colleagues.
- Managing the teams.
- Coordinating the provision for pupils with SEND.
- Maintaining records on pupils with SEND.
- Communicating with parents and carers of pupils with SEND.
- Liaising with external support agencies.

Langley School and IEB Members ensure all teachers and support staff are fully aware of their responsibilities towards pupils with SEND. They consult the LA and other schools when appropriate and report annually to parents. Members of the IEB have due regard for the guidance in the related Special Educational Needs and Disability legislation and Code of Practice in its equal opportunities' commitment.

Allocation of Resources and Specialist Provision

The school has a range of specialist resources and facilities designed to cater for the needs of all pupils:

- Staff training in a wide variety of subjects and special needs provision including Complex Needs (PMLD and ASD), sensory impairment and communication (AAC, Makaton and PECS).
- Multi-Sensory Room and soft play room.

- A variety of adapted and alternative technologies to maximise engagement of all pupils.

The Senior Leadership Teams under the leadership of the Head Teacher is responsible for the timetabling and management of resources including staffing and facilities to meet the needs of all pupils. The Head Teacher informs the IEB on a regular basis as to how funding has been allocated to meet pupil needs. Requests for additional resources and processes are approved by the IEB. The effectiveness of the school resources for pupils with a range of SEND will be monitored as part of the continual process of school self-evaluation.

Access to the Curriculum

All pupils have an entitlement to a broad, balanced and relevant curriculum, which is developed to enable pupils to:

- Experience, be engaged in, and/or gain skills and understanding of the purpose of learning activities.
- Experience rates of progress that brings feelings of success and achievement appropriate to their levels of attainment and understanding.

Teachers use a range of strategies to meet pupils' SEND. Lessons have clear learning objectives and outcomes; differentiated work and use formative assessment to inform the next stage of learning. Pupil Profiles detail the outcomes pupils are working towards, how we are supporting pupils to get there as well as exploring the positive impact meeting these outcomes will have on them.

Wherever possible pupils are not withdrawn from their class. This reflects the schools' inclusive philosophy and acknowledges that all pupils have an entitlement to share the same learning experiences as their peers. There are times however, when, to maximise learning, we ask the pupils to work in small groups or in a one-to-one situation outside the classroom, for example in paired reading or to support sensory and communication needs.

Training

Our school aims to provide appropriate training for our IEB, teaching and non-teaching staff, so that they have the knowledge and confidence to develop their own skills in helping our pupils with a range of special needs.

Criteria for Identification of Staff Development:

- To support the development of the school
- To meet our pupils' needs
- To meet the targets of the school improvement plan.
- To identify future resources
- To support delivery of the curriculum
- Personal development and interest.

External Support Services and Links with Other Agencies

The school utilises a range of multi professional support so that each pupil can have access to their curriculum entitlement. The school works closely with all relevant professionals and agencies when identifying, assessing and making provision for special needs pupils.

- Speech and Language Therapy (SaLT)

SaLT provides advice to parents/carers and staff. They also provide individual and group therapy across the curriculum. Langley has NHS and Privately source speech therapists that spend time in school every week.

- Occupational Therapy

OT provides support and guidance to staff teams about any adjustments and access to sensory resources or activities pupils will benefit from. They also support through resources to develop skills for life such as eating, dressing etc. Langley has a weekly visit from an NHS OT as well as a half termly visit from a privately sourced OT.

- Sensory Support Service (Visually Impaired/Hearing Impaired Service)

These services provide teaching for young people and support and advice for parents/carers and staff.

- Physiotherapist/Physiotherapist Assistants

This facility provides assessment and treatment for pupils. It also offers advice and support for staff and parents.

- Medical Services

The School Nurse assists with routine medical examinations. They will offer advice to parents/carers and staff as appropriate and meets the daily medical needs of the pupils.

- Social Services

A variety of support may be obtained from Social Services:

- Children with Disabilities Team
- Respite Facilities

Their advice and/or attendance is sought at the review/case conferences and transition plans.

- Behaviour Consultant

Langley have a weekly visit from a Behaviour Consultant to support staff to ensure effective support and development of strategies for pupils behaviour.

Evaluating the Success of the Policy

Provision will be monitored and evaluated through an extended review system that incorporates statutory yearly reviews and pupils files.

Qualitative Indicators:

The following are indicators to be used to measure the success of the Special Educational Needs Policy;

- Relocation of resources in line with the pupil needs as detailed in the policy.
- EHCPs and programmes differentiated to meet needs.
- The attention paid to the process of implementing the individual education plan drawn up to the annual EHCP.
- Parents/carers as partners.
- Proportion of devolved funds spent on specialist support.
- Inclusion of specific targets towards meeting special needs more effectively in appraisal.
- Profile of school in the local community.
- External inspections.

Quantitative Indicators:

- Pupil: Teacher ratios.
- Support Workers ratios
- Inclusion expenditure

Complaints

Any parent/carer having a complaint regarding provision should, in the first instance, contact the Head Teacher.

From time to time, problems may arise, and parents/carers are strongly advised to contact school at their earliest opportunity so that these can be resolved speedily.
