

## Parent/ Carers views – Review of EHC Plan

### Guidance Notes

We would like you to complete this form to tell us how you feel your son/daughter has been getting on.

It would be helpful if you could provide us with information about what they have been doing at the moment and what you might like to see them doing in the future.

This information will be a really important part of their review that will contribute to an Education, Health and Care Plan (EHCP).

The EHCP review is to show the progress that has been made and to review the outcomes and provision. It should highlight what is working well or if there are any areas that need more support or require changing.

Any information you provide is an important part of the review and will be discussed at the EHCP review meeting.

We look forward to hearing what you say.
